Hi Mark and Chris,

I thought I'd better check-in with you regarding this meeting next week for ASAP. I am not planning to attend as we are not a signatory agency to the PA and historic preservation issues have not been a key concern for EPA in our review of the project. I was assuming neither of you would be attending since it is outside of your program areas... but just thought I'd better confirm before telling Sandy that EPA would not be present. Please let me know if you are planning to attend.

Thanks,

Molly

Good afternoon,

Attached is the agenda for the Section 106 ASAP Work Group meeting, on 14-SEP.

BLM has been gracious and provided us a space to meet (thanks bunches). We have made an attempt to cast a large net in order to communicate with the larger audience and other potential interested parties. Please provide this information to others in your agencies or organization who may wish to attend.

If you have any questions or concerns, please let us know.

Have a great week and we look forward to meeting with you.

Sandy
